DIARY NOTES

DD/S

27 October 1965

25X1A

1. [REDACTED] briefed Colonel White and me on Medicare and its effect on Agency insurance programs. The only program it might affect is Parents Associated Medical Assurance (PAMA), but this cannot be determined until after the regulations have been issued by the Department of Health, Education, and Welfare. We asked Ben to prepare an Employee Notice to alert employees to the deadline of 31 March 1966 for enrollment in the Medicare program for those people who will be sixty-five years of age or older by 31 December 1967.

2. The Office of Personnel prepared a report on the visit of [REDACTED] to the Agency on 20 October which quite erroneously indicated that no plans exist for an NPIC recruitment program and that [REDACTED] could not really fit into such a program. As a result of this report Colonel White held a meeting on Monday, 25 October, to arrange for a briefing for the Director on the NPIC recruitment program and how [REDACTED] can be used in such a program. I talked with Emmett Echols today to ensure that a proper briefing is being prepared. I arranged for a dry run of the briefing on Tuesday, 2 November, with a subsequent briefing for Colonel White.
